Oklahoma City, Okla., May 22.-- After being in session for eighteen days the quadrennial General Conference of the Mothodist Episcopal Church, South, formally adjourned to-night. The selection of the place for noiding the next conference has been intrusted to a special committee named for that purpose. It is generally believed that either Richmond or Atlanta, Ga., will be chosen, both cities having extended pressing invitations.

Despite the fact that strenuous of-forts were made to clear the decks of all business at to-night's session, adjournment came with many petitions, memorials and resolutions still on the calendar. The majority of the delegates will remain in the city until Monday, numerous board meetings having been called to meet immediately after the advantage of the solutions. after the adjournment of the confer

Interest in to-day's sessions centred In the decision of the conference not to again submit to the annual con-ference the question of changing the name of the church, the adoption of a committee report recommending strict-er regulation of evangelists traveling within the bounds of the conference, and the adoption of the recommenda-tion that both sides have four years' consecutive jurisdiction in the vari-ous mission fields.

QUESTION OF EVANGELISM

CAUSE OF DISCUSSION

After the devotional service, led by Rev. J. H. Moore, of Nashville, Tenn., Bishop Lambuth took the gavel as presiding officer. Discussion of the report of the committee on missions, which referred to the question of evangelism, was called for and was followed by lively discussion. Several addresses were made favoring a central committee on evangelism. Rev. J. H. Moore was opposed to any evangelist who did not have the support of his annual conferences. Rev. L. P. Law, of Arkanass, declared the average evangelist was treated like a stray evangelist was treated like a stray dog. He believed every evangelist should have his character passed by annual conferences.

The report of the committee on episcopacy, after some discussion, was almost unanimously adopted.

The report provides that bishops be assigned to episcopal residences with the understanding they were not to have jurisdiction over the conferences in the States in which they are assigned to live, unless the conferences had been placed under their supervision by the college of bishops. The bishops are to hold the same conference for the quadrennium. ence for the quadrennium.

Bishop O'Council Cables.
Father O'Farrell, vice-general of the Diocese of Virginia, last night received a telegram from Bishop D J. O'Connell, who arrived in Rome, Italy, on Wednesday. It stated that he and all members of his party were well, and announced that he will sail for America on July 5 from Naples on the North German Lloyd steamer Berlin.

During Bishop O'Connell's absence extensive repairs are being made to his house on Cathedral Place that he may be entirely comfortable upon his return. Wella—Sullivan.

An ounce of the wax usually is sufficient to complete the transformation. It is put on at night like cold cream and taken off in the morning with warm water. This remarkable treatment is invariably effective, no matter how muddy, sailow or discolored the complexion. Freckles, meth-patches, liver spots, pimpies, blackheads and other cutaneous blemishes, naturally vanish with the discarded skin.

To remove wrinkles, here is a recipe that cannot be too highly recommended: Powdered saxelite. I oz., dissolved in 12 pint witch hazel Use as a wash lotton. It acts inttantaneously and is wonderfully effective.
